About Us

PT. Airtech Inti Karawaci Indonesia was established in 1985. For over 40 years, we have earned trust in the refrigeration industry. Our journey began with a simple **vision**: *to provide practical refrigeration solutions that meet our customers' actual needs.*

We have evolved and grown to the present day, driven by our commitment to delivering reliable, high-quality components and services.

Our **mission**: *to continuously improve and enhance the quality of services we provide to our valued customers.*

Cool Solution

We are committed to delivering refrigeration solutions engineered to meet the needs of our customers.

Project Reference

Quality Component

We provide high-quality and durable components to ensure the 24/7 operation of refrigeration systems. Airtech ensures minimal downtime and optimal performance with a readily available inventory of spare parts for all our refrigeration solutions. Our strong partnerships with leading manufacturers guarantee access to high-quality components and ongoing technical support.

Our spare parts and partners are as follows:

Excellent After Sales Service

We offer comprehensive maintenance and repair service for all our products, ensuring they operate at optimum performance. Our dedicated field team is committed to preserving their longevity and maximizing the return on your investment.

We proudly serve over 500 stores with more than 1500 compressors across Indonesia. We have established Contract Service Agreement with various customers.

Services Points :
Jabodetabek, Bandung, Semarang, Solo, Jogja, Surabaya, Malang, Lampung, Bali, Manado

Service Partners :
Makassar, Medan, Banjarmasin, Balikpapan, Samarinda, Pontianak, Timika, dan Sorong
